

Dear Parents,

Your child's safety is our number one priority and why, in the coming days, Bossier Schools will be distributing in-home child identification kits to all PreK-5th grade students on behalf of the district, the Bossier Parish Sheriff's Office and partnering agencies.

Please understand there is no obligation to fill out the kit, but it will allow you to have a set of your child's fingerprints and DNA in the event of an emergency. These kits are to be **STORED AT HOME** and only given to law enforcement should an emergency arise.

As the Superintendent of Bossier Schools and the Sheriff of Bossier Parish, we want to protect your child from harm and assist in their safety. Help us by please making use of this gift, filling it out and storing it in a safe place at home.

Thanks for your consideration in being a part of this extremely important safety initiative.

Sincerely,

Mitch Downey  
Superintendent of Bossier Schools

Julian Whittington  
Bossier Parish Sheriff
